The Anatomy of Counterintelligence: European Perspective

<http://ebooks.benthamscience.com/book/9781681084114/>

About the eBook

The Anatomy of Counterintelligence: European Perspective offers a concise overview of counterintelligence measures practiced in Europe that can rarely be found in standard texts; it provides information about counterintelligence staff, the definition of principles of counterintelligence, the targets of foreign intelligence services, how to identify agents and operatives (as well as operatives working undercover as diplomats) and some of the dilemmas in counterintelligence in the light of current events. The book also presents the case of Vladimir Vauhnik, a Slovenian counterintelligence operative in the time of Nazi Germany.
