Aims & Scope

Current Materials Science publishes full-length/mini reviews, research articles, recent patents and guest edited thematic issues in all areas of materials science. The journal is essential reading for all researchers involved in materials science. The journal also covers recent research in fast emerging areas of materials science, biomaterials, biological materials, magnetic materials, medical implant materials, nanomaterials, ceramics, plastics, polymers, semi-conductors, coatings, composites, paper, wood, textiles, methods, design and techniques.
